

Heavy-Duty Hinged-Steel Belt Conveyors

Series: SBC

Application: MPI's STEEL HINGE BELT CONVEYORS (SBC) offer a competitive design to handle a wide range both ferrous and non-ferrous materials. Standard designs are available in a variety of sizes and configurations to meet your application and

include plain, perforated, pimpled or pimpled & perforated aprons. SBC conveyors are offered with many design options and can also be supplied with other ancillary components such as feeders, hoppers, etc. to provide a complete material handling system.
